

Pilgrim's Progress Illustration & Narration Assignment

Omnibus III

Purpose

1. To practice narrating/synthesizing and interpreting portions of a story.
2. To provide an opportunity for artistic expression while reinforcing a fantastic storyline.

Assignment

Create a one-page visual illustration of each of your parts of the story (see chart on the next page). This page should include:

- Title – this should be at the top of the page.
- Original illustration – Depict the scene you are assigned. You can draw by hand, on your iPad, or piece together images you find on the internet. We are looking for creativity, but understand drawing freehand might not be in everyone's tool kit 😊
- Narration – This should explain what happened in the book: key characters, what happened in the scene.
- Interpretation – What is the basic truth that Bunyan was seeking to communicate?

Due Dates

- Your first page is due either Monday, Sept 28 or Oct 5th - whichever date you are NOT presenting your WCF Analysis. You will present it to the class. This is nothing formal – just an explanation. These 'first looks' will spur one another on to further creativity!
 - 9/28 - Present first page: Corban, Andrew, Tia, Karyn (Zach and Paige presenting WCF)
 - 10/5 - Present first page: Zach, Paige (Corban, Andrew, Tia, & Karyn presenting WCF)
 - 10/12 - FINAL project due for all
- All your pages are due on Monday, Oct 12th.
 - Please bring a paper copy to class for presentation.
 - Email a copy to Mrs. Boyum.

Resources

- The last page of this document contains samples from our last Omni III class to give you some ideas. Please note: that class did not have the *interpretation* portion of the assignment, just the narration.
